

MAC, aka Miracle Alien Cookies, was created by crossing Alien Cookies with Colombian X Starfighter. MAC brings on hard-hitting effects that start with a heady rush filling your mind with creativity and pure euphoria. This is accompanied by a deep felt relaxation that permeates your entire body, leaving you totally calm. This bud has a dank sour citrus flavor with a spicy earthy overtone that sweetens upon exhale. The aroma is of earthy herbs and pungent diesel.

Sativa: 50% Indica: 50%

THC: 14-22% CBG: 1%

Rx: Insomnia, appetite loss, nausea, chronic stress, depression, chronic pain, mood swings.

Dominant terpene: Limonene
