

Snow Cap is a hybrid strain with potent THC levels that is best for experienced users. Wonderful fruity aroma of lemon, ginger, and menthol. Produces a creative, energizing high followed by drowsy relaxation, but not sedation. Good daytime herb.

Indica: 50%      Sativa: 50%

THC: 21-24%      CBD: 4%

Rx: PTSD, glaucoma, nausea, bipolar symptoms, chronic pain, appetite stimulant.

Dominant terpene: Limonene
